Stories of children killed by IDF soldiers, as in there being an altercation and the soldier responds by firing on the kid and kill them

They make me so, so, so incredibly angry

Of course every death of a Palestinian at the hands of an Israeli piece of shit is going to make me angry, but these more personal stories [not that others are not personal, but you know what I mean]

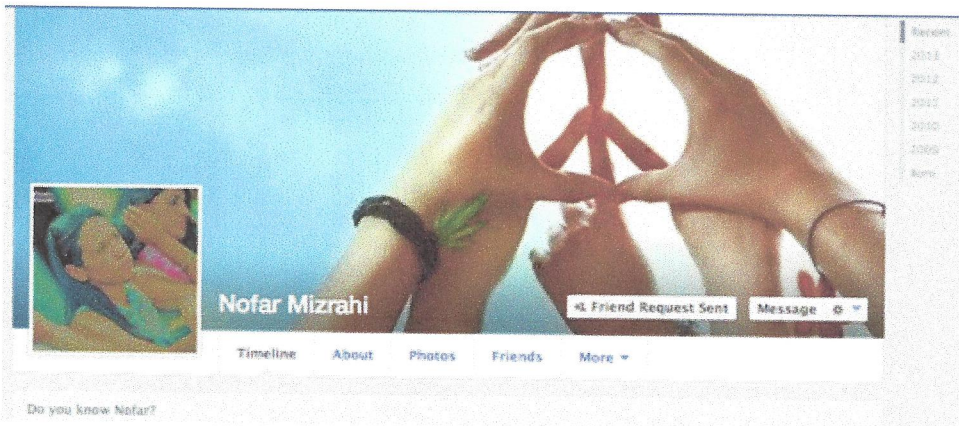

Like I'm sitting here looking through pictures of that fucking scum [REDACTED] who murdered Mohammad Sulayma back in December of last year, and she was praised for it and faced no fucking repercussions and just

Back when it happened, I sent her a very long winded, angry letter complete with pictures of the boy she killed:

*And how's she doing?*

*Well, here's her fucking Facebook:*

*That cover photo*

*that cover photo*

*She murdered the boy on his 17th birthday as he was going out to get some cake.*

*He was hard of hearing, and when asked to stop, became frightened and jumpy*

*After an altercation [which the IDF posted an \*edited\* video of], [REDACTED] opened fire on Mohammad and murdered him on the spot, and then refused to allow any Palestinians near the body to offer him any aid or assistance*

Mohammed Al salayma, celebrate today his 17th Birthday in the school and just want to by his Birthday cake to celebrate with his Family, but the Israeli soldier shoot him by **6 bullets** and killed him.

*Yet she has the audacity to post a peace sign as her cover photo?!*

*They ask why it is that we as Palestinians hate them so much*

*They ask why it is that we are so "violent"*

*They as why it is that we will always refuse peace with these fucking animals*

*They act surprised when we fight back, when we lash out in frustration, anger, and despair*

*and we're still seen as the animals*

*WE'RE the "uncivilized" ones, WE'RE the ones who are making this all into a "problem"*

*Anyone who thinks there can be peace with animals like this is absolutely delusional, and the only "peace" I'm interested in is the head of this fucking scum on a plate, as well as the heads of all others like her, and all others who support the IDF*

*The Liberation of Palestine can only come through the destruction and decimation of this Israeli plague and it can't possibly come soon enough.*

*His 17th birthday, a time for joyous celebration, he had a party at school with friends, and went home to a proud mother and happy family.*

*He goes out to get a cake for this happy occasion, looking to spend the day with family and build memories together to look back on.*

*Instead, he is murdered and the lives of his family ruined and just*

*Forgotten*

*A couple of months later and he's old news because by then, MORE children have died, MORE people have been murdered at the hands of pigs like Nofar Mizrahi, and they too are forgotten by the collective consciousness of the people who can barely keep up with the ever increasing body-count and further destruction of Palestine and Palestinian identity.*

*A couple of months later and people forget the identity of the one who murdered him, and she goes on to live a happy and prosperous life, with people "thanking" her for her work in "defending" Israel and the Israeli people*

*And what does the experience lead her to do? Make the peace sign her cover photo :)*

*I really hope she never forgets what she's done, and that she is eternally haunted by it, and that people ensure she never forgets*
